hello from

Helen

Dear Vickie & Jim,
I am out of writing
paper so will have to
make this do. I have
a dental appointment
at 9:45 this morning.
Mary and the baby
are coming over as
Mary has some
errands to do.

We are so glad you like the new job, Jim. Your apartment sounds just wonderful and being so close to work is the best of all.

Dad and I played duplicate last Sunday night and really enjoyed it. We didn't play precision but will try it next time. I have been playing on Tuesdays again and it is fun to get back to it.

The afghan is one third finished now and I am so anxious to send it to you.

Our weather isn't too nice yet so we decided not to drive down to the ocean this week-end.

John Donnelly said that you two were still too inexperienced to take up precision bidding. He said you should be seasoned players. I am sure you will challenge that. You do better than I do and I think I am seasoned.

We have a tree man
coming Thursday to
clean up our fir tree
and take one down at
the driveway. I am
outside to get the yard
back in shape.

Mary is settled now
and is getting along
fine.

Love,
Mom.
